

PROFESSIONAL SOLUTIONS

ECONO

Heavy Duty Lemon Detergent Powder At The Right Price

Contains: Alkaline Salts 900 g/kg,

Econo Laundry Powder is a lemon scented, blue detergent powder for both commercial and domestic washing machines. It has been specially formulated to provide excellent results in all water conditions (hot, cold and hard water).

Econo is a dense concentrated product, so care should be taken to avoid excessive usage. For best results pre-dissolve powder in water then add to wash.

Laundry Advice:

- * The quantity required will vary depending on the nature and degree of soiling, as well as wash temperature.
- * Avoid tipping powder onto dampened clothes - sprinkle directly into wash water and dissolve fully before adding clothes. Better results are always obtained with warm/hot water.
- * Read and follow garment washing instructions.
- * Wash colours separately
- * Not recommended for silks and woollens.

Econo Laundry Powder:

- ✓ Aggressive cleaning power
- ✓ Fresh Lemon Fragrance
- ✓ Removes stains
- ✓ Septic Safe
- ✓ Biodegradable
- ✓ Non Corrosive
- ✓ Value for money
- ✓ For domestic or commercial use
- ✓ For front loading and top loading machines
