

G.P. PINK

AMMONIATED CLEANER

Contains: Ammonia < 10% w/v

G.P. Pink is an all round hard working, commercial strength cleanser which has been formulated from a complex blend of anionic surfactants, non-ionic surfactants, chelating agents, alkaline builders and ammonia for complete cleansing action.

G.P. Pink contains no icinol/glycol solvents, thus allows the product to be safely used on polished or sealed floors and painted walls.

G.P. Pink removes a variety of stains, including grease and grime, dirt, oils and boot marks and from many surfaces including - Toilets, washrooms, vinyl surfaces, floor tiles, drains, enamel surfaces, tables, walls, painted surfaces, polished floors, etc.

G.P. Pink is safe to use on sealed floors if sufficiently diluted.

G.P. Pink Ammoniated Cleaner:

- ✓ Heavy Duty Detergent Cleaner
- ✓ Cuts through grease and grime on floors
- ✓ Concentrated - Value for money
- ✓ Ammonia boosted
- ✓ Bio-degradable
- ✓ For domestic or commercial use
