# ULTRA

Peroxide And Enzyme Boosted Laundry Powder With Fabric Softener

Contains: Alkaline Salts 475 g/kg,

Ultra is a heavy duty fragrant scented synthetic detergent powder and fabric softener for use in both commercial and domestic machines - designed for both top-loaders and front-loaders.

Ultra is specially formulated to provide excellent results in all water conditions both hot and cold. Ultra contains water softeners to allow it to work better and quicker in hard or soft water. Ultra contains a special selection of detergents, grease cutters, enzymes and peroxide for the removal of normal soils, micro-organisms along with many stains.

Ultra contains optical brighteners to ensure maximum whiteness retention and brightness.

## ultra Laundry Powder:
