

# ODOUR FREE SANITISER

## FRAGRANCE FREE

Contains: Alkyl dimethyl benzyl ammonium chloride <5%

### New and improved formula:

- ✓ Slightly decreased the amount of Quat eliminating the need for a corrosive pictogram and also classifying Odour Free Sanitiser as Non DG.
- ✓ Added an additional ingredient to breakdown the cell wall of the bacteria, allowing the Quat to penetrate the bacteria quick, enhancing its performance and making it more effective bacteria killer.
- ✓ Increased the dye slightly, to improve its viability at dilution.

### Directions for use:

ODOUR FREE is a sanitiser designed to be used on surfaces which have already been cleaned with a detergent, or for light duty cleaning and sanitising applications. Swab surfaces with a sponge, mop or brush. Allow contact time of 30 seconds, then rinse surface with portable water. Alternatively, use as a non-rinse disinfectant. **FOOD PROCESSING** : After cleaning, apply a solution of 135 mL of Odour Free per 8 litres of water (or 12.5 mL of Odour Free to 750 mL of water if using through a hand held spray bottle). **CLEANING AND SANITISING** : Use 265 mL per 8 Litres of water (or 25 mL of Odour Free to 750 mL of water if using through a hand held spray bottle) . **LIGHT CLEANING AND SANITISING**: For a clean surface, use 135 mL Odour Free per 8 litres of water. **MOULD** : To prevent mould from returning as quickly, remove all trace of mould using chlorinated product such as "SANITILE", rinse thoroughly, then apply a solution of 50 ml FOOD GRADE SANTISER per 10 litres of water and allow to dry on the surface. **FLOORS**: After cleaning with a detergent, use a clean mop to apply a solution of 135mL Odour Free to 8 Litres of water. **DISINFECTANT ADVICE**: Avoid mixing with other cleaning products, soaps, or chemicals - the cationic germicide can be de-activated by soaps and anionic cleansers.
